and fans via buttons in App.

Switch ON & OFF the AC,  
TV, or any device  
connected to the Relay

Can recognize Voice, in  
which the command is  
given

## Situation/Context/Location

Home

Education &  
Government Center

Hospitals and Homes  
for Senior Citizen

## Props/Possible Solutions

**Props-1)** Will Accept the command of any  
unknown Person also...

**Solution for 1)** We have to set the frequency and the  
amplitude of the know person...

**Props-2)** Will accept the normal words as its  
own command and do it without analyzing...

**Solution for 2)** We have to make some Keyword or set a  
name Before the voice commands...
